The Grand Canyon

Very Clean

Great location, really pleasant and clean rooms, but the thing that makes this such a good place to stay are the staff. All of the people are incredibly helpful and generous with their time and advice. We travelled with two six year olds and lots of luggage and despite the stairs up to the main room this was one of the nicest places we stayed we ever stayed.

Great location

Located on a quiet street around the corner from everything, feels like the right place to stay. The room is spacious and clean. You cannot beat the staff, everyone that worked there was amazing and always offer help and great tips for around town.

Charming

We stayed at GC BB for 3 nightsSituating in a charming, peaceful area of South of TheCanyon. We had great communication with Diane who provided directions to get there and where to visit.

Remarkable stay

My girlfriend and I stayed with Grand Canyon Bed and Breakfast for two dayand could not be happier. We were greeted with an amicable staff and stayed in the room facing the Canyon. The directions to get to the Bed and Breakfast were clear and we felt very accommodated both prior to arrival and during our stay. Reinhold, the owner, did a superb job communicating with us which diffused any problems we encountered along the way.

We are an independent family owned business that provides bed and breakfast. We have been in this area since 1906 and the B&B business started in 1950. We like hosting our guest and our goal is to make sure that they have a pleasant time as they visit Njira.
